THE EPIDEMIOLOGY MONITOR

A monthly update covering people, events, research and key developments

The Year in EPIDEMIOLOGY

Our 2010 calendar of events of interest to epidemiologists contains 147 listings, which contains a wide variety of offerings both in the US and in other countries. If we have missed your upcoming event, please contact the newsletter offices and we will add your event to our online version of the calendar which is frequently updated throughout the year. Ongoing events and those to be scheduled later in 2010 are included at the end of the 2010 listing of already scheduled events.

Some of the wide variety of events in 2010 are:

- A Summer School in Cancer Epidemiology, Lyon
- A Graduate Summer Program in Epidemiology & Biostatistics, Baltimore
- A European Educational Programme in Epidemiology, Florence
- A Summer Session for Public Health Studies, Boston
- A NCI Summer Curriculum in Cancer Prevention, Rockville
- A Graduate Summer Session in Epidemiology, Ann Arbor
- One Week Workshop on Interpreting Epidemiologic Evidence, Baltimore, Maryland
- A course on Register-Based Epidemiology, Goteborg, Sweden
- Two summer courses in Cancer Prevention, Rockville, Maryland

The key epidemiology society or group meetings in 2010 are:

- **American Epidemiological Society**, March, Baltimore, Maryland
- **Epidemic Intelligence Service Conference**, April, Atlanta, Georgia
- **Massey University**, April, Riyadh, Saudi Arabia
- **Society for Healthcare Epidemiology of America**, May, St. Louis, Missouri
- **Society for Clinical Trials**, May, Baltimore, Maryland
- **Council of State and Territorial Health Epidemiologists**, June, Portland, Oregon
- **Society for Epidemiologic Research**, June, Seattle, Washington
- **Society for Pediatric & Perinatal Epidemiological Research**, June, Seattle, Washington
- **International Society for Pharmacoepidemiology**, August, Brighton, UK
- **International Diabetes Epidemiology Group**, October, Montreal, Canada
- **American Public Health Association**, November, Denver, Colorado

Best wishes for a happy and productive holiday season,
Roger Bernier
Cynthia S. Wright

DECEMBER
2009

VOLUME
THIRTY

NUMBER
TWELVE

JANUARY 2010

January 9 - 10

20th Annual Meeting of the Japan Epidemiological Association

Sponsor: Japan Epidemiological Association (JEA)

Location: Saitama, Japan

Contact: Professor Yoshihiko Miura Phone: 048/971-0500; Fax: 048/973-4807. URL: <http://wwwwsoc.nii.ac.jp/jea/english/2meeting/index.html>

January 10 - 13

9th Annual Meeting on Contemporary Pharmacovigilance and Risk Management Strategies

Sponsor: Drug Information Association (DIA)

Location: Washington, DC

Deadline: See website

Contact: DIA. 800 Enterprise Road, Suite 200, Horsham, PA 19044-3595. Phone: 215/442-6100; Fax: 215/442-6199. Email: dia@diahome.org; URL: www.diahome.org

January 11 - 14

Course: Epidemiology in Action: Intermediate Analytic Methods

Sponsors: Centers for Disease Control and Prevention (Epidemiology Program Office) and Emory University, Rollins School of Public Health (Epidemiology and International Health Departments)

Location: Emory University, Atlanta, GA

Cost: Reg:\$900 (tuition and supplies only)

Deadline: open until filled

Contact: Philip S. Brachman, MD or Pia Valeriano, MBA at 1518 Clifton Road, NE Suite 746, Atlanta, GA 30322.

Phone: 404/727-3485; fax: 404/727-4590.

Email: pvaleri@sph.emory.edu

URL: www.sph.emory.edu/EPICOURSES

January 11 - 15

One Week Workshop: Interpreting & Using Epidemiologic Evidence

Sponsor: Johns Hopkins School of Public Health

Location: Baltimore, MD

Cost: \$815 per credit

Contact: URL: www.jhsph.edu/winter

January 18 - February 5

Erasmus Winter Programme (16 courses)

Sponsor: Erasmus Medical Center

Location: University Medical Center Rotterdam (Erasmus MC), Rotterdam, The Netherlands

Cost: See website

Contact: Ms Soeja de Groot, Email: s.degroot@erasmusmc.nl;

URL: www.ErasmusWinterProgramme.nl

January 18 - March 26

Short Course: Statistics for Health Research

Sponsor: University of Oxford

Location: Oxford, UK

Cost: £ 1575

Contact: www.conted.ox.ac.uk

January 18 - 22

Course: Pharmaco-epidemiology and Drug Safety

Sponsor: Netherlands institute for health sciences, The Erasmus Medical Centre Rotterdam

Location: Rotterdam, The Netherlands

Contact: The Netherlands institute for health sciences; Erasmus Medical Centre, Rotterdam, PO Box 1738 3000 DR Rotterdam, The Netherlands; Phone: 31 10 408 8288; fax: 31 10 408 9382. Email: info@nihes.nl; URL: www.nihes.nl

January 21 - 22

Workshop on Climate and Health

Sponsor: Center for Discrete Mathematics & Theoretical Computer Science (DIMACS)

Location: DIMACS Center, Core Building, Rutgers University

Deadline: Registration: January 14, 2010

Contact: URL:

<http://dimacs.rutgers.edu/Workshops/ClimateHealth>

January 25 - 29

Course: Advanced Topics in Clinical Trials

Sponsor: Netherlands institute for health sciences, The Erasmus Medical Centre Rotterdam

Contact: The Netherlands institute for health sciences; Erasmus Medical Centre, Rotterdam, PO Box 1738 3000 DR Rotterdam, The Netherlands; Phone: 31 10 408 8288; fax: 31 10 408 9382. Email: info@nihes.nl; URL: www.nihes.nl

FEBRUARY 2010

February 1 - 5

Course: Genetic Analysis in Clinical Research

Sponsor: Netherlands institute for health sciences, The Erasmus Medical Centre Rotterdam

Contact: The Netherlands institute for health sciences; Erasmus Medical Centre, Rotterdam, PO Box 1738 3000 DR Rotterdam, The Netherlands; Phone: 31 10 408 8288; fax: 31 10 408 9382. Email: info@nihes.nl; URL: www.nihes.nl

February 1 - 5

Course: Repeated Measurements in Clinical Studies

Sponsor: Netherlands institute for health sciences, The Erasmus Medical Centre Rotterdam

Contact: The Netherlands institute for health sciences; Erasmus Medical Centre, Rotterdam, PO Box 1738 3000 DR Rotterdam, The Netherlands; Phone: 31 10 408 8288; fax: 31 10 408 9382. Email: info@nihes.nl; URL: www.nihes.nl

February 1 - 5

Course: Principles of Epidemiologic Data-Analysis

Sponsor: Netherlands institute for health sciences, The Erasmus Medical Centre Rotterdam

Location: Rotterdam, The Netherlands

Contact: The Netherlands institute for health sciences; Erasmus Medical Centre, Rotterdam, PO Box 1738 3000 DR Rotterdam, The Netherlands; Phone: 31 10 408 8288; fax: 31 10 408 9382. Email: info@nihes.nl; URL: www.nihes.nl

February 8 - 9

Course: Statistics 101: Principles in Drug Development

Sponsor: Peri Pharmaceuticals

Location: Arlington, VA

Cost: \$1695.00

Contact: URL: <http://www.peri.org/courses.cfm>

February 8 - 12

Course: Excellence in Pharmacovigilance

Sponsors: Drug Information Association (DIA)

Location: Paris, France

Cost: see website

Contact: Elisabethenanlage 25, Postfach, 4002 Basel, Switzerland Email: diaeurope@diaeurope.org URL: www.edeg.org

February 8 - 12

Course: Register-Based Epidemiology (Part 1)

Sponsor: Nordic School of Public Health

Location: Nordic School of Public Health, Goteborg, Sweden

Contact: Administration, Phone: +46 (0) 31 69 39 00; URL: www.nhv.se

February 15 - 19

Course: Environmental Epidemiology

Sponsor: London School of Hygiene & Tropical Medicine, University of London

Location: London, England, UK

Cost: £ 750

Deadline: January 11, 2010

Contact: URL:

<http://www.lshtm.ac.uk/prospectus/short/seep.html>

February 17 - 20

Annual Meeting: Preventive Medicine 2010

Sponsor: American College of Preventive Medicine

Location: Crystal City, VA

Contact: URL: www.preventivemedicine2010.org

February 22 - 26

Short Course: Advanced Statistical Methods

Sponsor: University of Birmingham, Department of Public Health and Epidemiology

Location: University of Birmingham, Edgbaston, UK

Contact: URL:

www.pcpoh.bham.ac.uk/publichealth/courses/postgrad/short.shtml

February 26

31st Annual Minority Health Conference

Sponsor: University of North Carolina School of Public Health

Location: Chapel Hill, NC

Contact: Office of Continuing Education. UNC School of Public Health, Chapel Hill, NC, 27599-8165.

Phone: 919/966-4032. Email: oce@unc.edu;

URL: www.minority.unc.edu/sph/minconf/

February 27 - March 2

18th European Congress of Psychiatry

Sponsor: Section Epidemiology & European Psychiatrist Association

Location: Munich, Germany

Contact: Ms. Clarisse Altès-Sroussi

15, Avenue de la Liberté F- 67000 Strasbourg France Tel:

+33 3 8823 9930 Fax: +33 3 8835 2973

E-mail: hq@europsy.net

URL: <http://www2.kenes.com/epa/Pages/home.aspx>

MARCH 2010

March 1 - 5

Course: Basic Epidemiology (Part 1)

Sponsor: Nordic School of Public Health

Location: Goteborg, Sweden

Deadline: see website

Contact: URL: www.nhv.se

March 1 - 5

Intensive Course: on Applied Epidemiology
Sponsor: Epidemiology Group, Dept. of Public Health, University of Aberdeen, University of Manchester
Location: Aberdeen, Scotland
Cost: £2950 (including course materials, accommodation & most meals)
Contact: Rachel Innes, Email: epidemiology@abdn.ac.uk
URL: http://www.abdn.ac.uk/public_health/epidemiology/icae.php

March 2

Short Course: Introduction to Clinical Epidemiology
Sponsor: The University of Sydney
Location: Sydney, Australia
Contact: www.health.usyd.edu.au

March 2 - 5

50th Annual Conference on Cardiovascular Disease Epidemiology and Prevention
Sponsor: American Heart Association sponsored by the Council on Epidemiology and Prevention and the Council on Nutrition, Physical Activity and Metabolism.
Location: San Francisco, CA
Deadline: Early registration: February 2, 2010.
Contact: E-mail: scientificconferences@heart.org
Phone: (888) 242-2453 or (214) 570-5935
URL: www.americanheart.org/conferences

March 4 - 10

Course: Systematic Reviews
Sponsor: University of Oxford, Department of Continuing Education
Location: Rewley House, Department of Continuing Education, Oxford, UK
Cost: £ 1725
Contact: University of Oxford, Department of Continuing Education. Email: cpdhealth@conted.ox.ac.uk;
URL: www.conted.ox.ac.uk/health

March 8 - 10 (Basic)

Course: Epi Info Training
Sponsor: Centers for Disease Control and Prevention and Emory University, Rollins School for Public Health
Location: Emory University, Atlanta, GA
Cost: US \$400 (tuition and supplies only)
Deadline: open until filled
Contact: Pia Valeriano, MBA at 1518 Clifton Road, NE Suite 746, Atlanta, GA 30322; Phone: 404/727-3485; Fax: 404/727-4590; Email: pvaleri@sph.emory.edu;
URL: www.sph.emory.edu/EPICOURSES

March 11 - 13

Advanced Course: Epi Info Training
Sponsor: Centers for Disease Control and Prevention and Emory University, Rollins School for Public Health
Location: Emory University, Atlanta, GA
Cost: US \$400 (tuition and supplies only)
Deadline: open until filled
Contact: Philip S. Brachman, MD or Pia Valeriano, MBA at 1518 Clifton Road, NE Suite 746, Atlanta, GA 30322; Phone: 404/727-3485; Fax: 404/727-4590;
Email: pvaleri@sph.emory.edu;
URL: www.sph.emory.edu/EPICOURSES

March 15 - 19

Short Course: Advanced Statistics Methods on Evidence Synthesis
Sponsor: University of Birmingham, Department of Public Health and Epidemiology
Location: University of Birmingham, Edgbaston, UK
Contact: **URL:** www.pcpoh.bham.ac.uk/publichealth/courses/postgrad/short.shtml

March 15 - 19

Course: Epidemiology of Infectious Diseases
Sponsor: Netherlands institute for health sciences, The Erasmus Medical Centre Rotterdam (NIHES)
Contact: The Netherlands institute for health sciences; Erasmus Medical Centre, Rotterdam, PO Box 1738 3000 DR Rotterdam, The Netherlands; Phone: 31 10 408 8288; fax: 31 10 408 9382. Email: info@nihes.nl; **URL:** www.nihes.nl

March 18 - 21

International Conference on Healthcare Associated Infections
Sponsor: Society for Healthcare Epidemiology of America, Inc., (SHEA)
Location: Atlanta, GA
Cost: See website
Deadline: Abstracts: November 30, 2009;
Contact: **URL:** www.decennial2010.com

March 19

9th Annual MPHA Epidemiology & EIS Regional Conference
Sponsor: Michigan Public Health Association
Location: Ann Arbor, MI
Contact: **URL:** www.mipha.org/epi/conf2009/confinfo.html

March 20 - 24
27th Annual Behavioral Risk Factor Surveillance System (BRFSS) Conference
Sponsor: Centers for Disease Control & Prevention
Location: San Diego, CA
Contact: URL: <http://www.cdc.gov/brfss>

March 21 - 23
34th Annual Meeting of the ASPO
Sponsor: American Society of Preventive Oncology (ASPO); National Cancer Institute
Location: Marriott North Hotel, Bethesda, MD
Cost: See website.
Contact: Heidi Sahel, ASPO Executive Director, 256 WARF Building, 610 Walnut St., Madison, WI 53726. Phone: 608/263-9515. Email: hasahel@wisc.edu; URL: www.aspo.org/annual.htm

March 22 - 24
Workshop: Biostatistics and Epidemiology Analysis Using STATA 9
Sponsor: East Asia Training & Consultancy Pte. Ltd.
Location: Singapore
Contact: East Asia Training & Consultancy Pte. Ltd. Email: stata@eastasiatd.com.sg; URL: www.eastasiatc.com

March 22 - 26
Course: Register-Based Epidemiology (Part 2)
Sponsor: Nordic School of Public Health
Location: Nordic School of Public Health, Goteborg, Sweden
Contact: Administration, Phone: +46 (0) 31 69 39 00; Email: administration@nhv.se URL: www.nhv.se

March 24 - 25
18th UKPHA Annual Public Health Forum
Sponsor: UK Public Health Association
Location: Bournemouth, UK
Deadline: Abstracts: October 24, 2008
Contact: URL: www.ukphaconference.org.uk

March 24 - 26
Annual Meeting 2010
Sponsor: The Society for Veterinary Epidemiology and Preventive Medicine (SVEPM), Nordic Society for Veterinary Epidemiology (NOSOVE)
Location: Nantes, France
Cost: See website
Contact: URL: www.svepm.org.uk

March 25 - 26
AES Annual Meeting
Sponsor: American Epidemiological Society
Location: Baltimore, MD
Cost: Open to AES Members Only
Contact: URL: <http://americanepidemiologicalsociety.org>

March 30 - 31
Epi Ready Workshop
Sponsor: National Environmental Health Association (NEHA)
Location: New Orleans, LA
Contact: Elizabeth Ostertag, Project Specialist. Phone: 303/756-9090 ext. 346. Email: eostertag@neha.org; URL: www.neha.org

APRIL 2010

April 3 - 14
Course: IEA International Course on Epidemiological Methods
Sponsor: Massey University
Location: Riyadh, Saudi Arabia
Contact: URL: <http://www.massey.ac.nz/~wwwcp/hr/courses/iea2010.htm>

April 7 - 10
2010 Annual Meeting & Scientific Sessions
Sponsor: Society of Behavioral Medicine
Location: Seattle, WA
Deadline: Abstracts: September 21, 2009
Contact: Society of Behavioral Medicine, 555 Wells St, Suite 1100, Milwaukee, WI 53202-3823. Phone: 414/918-3156; fax: 414/276-2146. Email: info@sbm.org; URL: www.sbm.org

April 7 - 10
National Conference on Chronic Disease Prevention & Control
Sponsor: Centers for Disease Control & Society for Public Health Education (SOPHE)
Location: Washington, D.C.
Contact: URL: <http://www.sophe.org>

April 10 - 12

2010 ISPE Mid-Year Meeting

Sponsor: International Society for Pharmacoepidemiology

Location: Raleigh, NC

Contact: International Society for Pharmacoepidemiology, 4350 East West Highway, Suite 401, Bethesda, MD 20814. Phone: 301/718-6500; fax: 301/656-0989.

Email: ispe@paimgmt.com; URL: www.pharmacoepi.org

April 12 - 14

Course: Quality of Life Measurement

Sponsor: Netherlands institute for health sciences, The Erasmus Medical Centre Rotterdam

Contact: The Netherlands institute for health sciences; Erasmus Medical Centre, Rotterdam, PO Box 1738 3000 DR Rotterdam, The Netherlands;

Phone: 31 10 408 8288; fax: 31 10 408 9382.

Email: info@nihes.nl; URL: www.nihes.nl

April 12 - 15

Course: Epi 101: The Fundamentals of Infection Surveillance, Prevention and Control

Sponsor: Association for Professionals in Infection Control and Epidemiology, Inc.

Location: Indianapolis, IN

Contact: Customer Service, APIC Certification Review Course, 1275 K St. NW, Washington, DC 20005-4006.

Phone: 202/789-1890; fax: 202/789-1899. Email:

apicinfo@apic.org; URL: www.apic.org

April 12 - 15

Course: Epi 201: Advancing Practice Using Epidemiologic Principles

Sponsor: Association for Professionals in Infection Control and Epidemiology, Inc.

Location: Indianapolis, IN

Cost: \$825.00

Contact: Customer Service, APIC Certification Review Course, 1275 K St. NW, Washington, DC 20005-4006.

Phone: 202/789-1890; fax: 202/789-1899. Email:

apicinfo@apic.org; URL: www.apic.org

April 17 - 21

AACR 101st Annual Meeting

Sponsor: American Association for Cancer Research (AACR)

Location: Washington, DC

Deadline: Early registration: January 9, 2010.

Contact: AACR Office, 615 Chesnut Street, Suite 17, Philadelphia, PA 19106-3483. Phone: 215/440-9300; fax: 215/351-9165. Email: meetings@aacr.org;

URL: www.aacr.org

April 19 - 22

Course: Medical Demography

Sponsor: Netherlands institute for health sciences, The Erasmus Medical Centre Rotterdam

Contact: The Netherlands institute for health sciences; Erasmus Medical Centre, Rotterdam, PO Box 1738 3000 DR Rotterdam, The Netherlands; Phone: 31 10 408 8288; fax: 31 10 408 9382.

Email: info@nihes.nl; URL: www.nihes.nl

April 19 - 23

59th Annual Scientific EIS Conference

Sponsor: Centers for Disease Control and Prevention (CDC), Epidemic Intelligence Service (EIS)

Location: Atlanta, GA

Contact: URL:

www.cdc.gov/eis/conference/conference.html

April 20 - 25

2010 EPCOH-Medichem Occupational Health under Globalization and New Technology

Sponsor: Environmental and Occupational Medicine Association, National Science Council, Institute of Occupational Health, Scientific Committee on Epidemiology in Occupational Health

Location: Taipei, Taiwan

Contact: URL: <http://www.epicohmedichem2010.tw/>

April 25 - 27

HEI Annual Conference

Sponsor: The Health Effects Institute (HEI)

Location: Alexandria, VA

Contact: HEI, 101 Federal Street; Ste 500, Boston, MA 02110.

Phone: 617/488-2300, Fax: 617/488-2335;

URL: www.healtheffects.org

April 26 - 30

Course: Basic Epidemiology (Part 2)

Sponsor: Nordic School of Public Health

Location: Goteborg, Sweden

Deadline: see website

Contact: URL: www.nhv.se

April 26 - 30

Course: Introduction to Qualitative Research Methods

Sponsor: University of Bristol, Department of Social Medicine

Location: Bristol, United Kingdom

Cost: £ 900

Contact: Iris Swanston, University of Bristol, Canynge Hall, Whiteladies Rd, Bristol, UK BS8 2PR. Phone: +44 (0) 117 928 7221; Fax: +44 (0) 117 928 7222

Email: short-course@bristol.ac.uk;

URL: www.epi.bris.ac.uk/shortc/shortc.htm

April 26 - May 7

Course: Epidemiology in Action

Sponsors: Centers for Disease Control and Prevention (Epidemiology Program Office) and Emory University, Rollins School of Public Health (Epidemiology and International Health Departments)

Location: Emory University, Atlanta, GA

Cost: USD Reg: \$1200 (tuition and supplies only)

Deadline: Application: March 26 or until filled

Contact: Pia Valeriano, MBA at 1518 Clifton Road, NE Suite 746, Atlanta, GA 30322. Phone: 404/727-3485; fax: 404/727-4590. Email: pvaleri@sph.emory.edu

URL: www.sph.emory.edu/EPICOURSES

April 26 - 27 & May 28

Course: Health Services: Research and Practice

Sponsor: Netherlands institute for health sciences, The Erasmus Medical Centre Rotterdam

Contact: The Netherlands institute for health sciences; Erasmus Medical Centre, Rotterdam, PO Box 1738 3000 DR Rotterdam, The Netherlands; Phone: 31 10 408 8288; fax: 31 10 408 9382. Email: info@nihes.nl; URL: www.nihes.nl

MAY 2010

Summer 2010

Annual Summer Session in Epidemiology & Biostatistics

Sponsor: McGill University

Location: Montreal, Quebec, Canada

Language: English

Contact: Dept of Epidemiology and Biostatistics, Purvis Hall, Room 27, 1020 Pine Ave. W, Montreal, Quebec, H3A 1A2.

Phone: (514) 398-6258; Fax: (514) 398-4503. URL:

www.mcgill.ca/epi-biostat/summer

May 4 - 5

Epi Ready Workshop

Sponsor: National Environmental Health Association (NEHA)

Location: Harrisburg, PA

Deadline: Applications: March 20, 2010

Contact: Elizabeth Ostertag, Project Specialist.

Phone: 303/756-9090 ext. 346. Email: eostertag@neha.org;

URL: www.neha.org

May 5 - 11

Course: Systematic Reviews

Sponsor: University of Oxford Department for Continuing Education

Location: Rewley House, Department of Continuing Education, Oxford, UK

Cost: £ 1725

Contact: University of Oxford Department of Continuing

Education. Email: cpdhealth@conted.ox.ac.uk;

URL: www.conted.ox.ac.uk/health

May 6 - 7

Course: Advanced STATA

Sponsor: University of Bristol, Department of Social Medicine

Location: Bristol, United Kingdom

Cost: £ 360

Contact: Course Secretary, University of Bristol, Canynge Hall, Whiteladies Rd, Bristol, UK BS8 2PR. Phone: +44 (0) 117 928 7221; Fax: +44 (0) 117 928 7222

Email: short-course@bristol.ac.uk;

URL: www.epi.bris.ac.uk/shortc/shortc.htm

May 10 - 12

Workshop: Biostatistics & Epidemiology

Sponsor: East Asia Training & Consultancy Pte. Ltd.

Location: Thailand

Contact: East Asia Training & Consultancy Pte. Ltd. Email: stata@eastasiatd.com.sg; URL: www.eastasiatc.com

May 12 - 14

28th Annual Conference of the Western Regional Epidemiology Network

Sponsor: California Department of Health Services, Western Regional Epidemiology Network (WREN)

Location: Ashland, OR

Contact: URL: www.wrenconference.org

May 15 - 18

45th Annual Meeting of the European Diabetes Epidemiology Group

Sponsor: European Diabetes Epidemiology Group (EDEG)

Location: Porto Heli, Greece

Deadlines: Abstracts: February 1, 2010; Early Registration: March 14, 2010

Contact: URL: www.edeg.org/

May 15 - 19

15th Annual International Meeting

Sponsor: International Society for Pharmacoeconomics and Outcomes Research

Location: Atlanta, GA

Deadline: Abstract: January 14, 2010; Early Registration: April 6, 2010

Contact: ISPOR, 3100 Princeton Pike, Bldg 3, Suite E, Lawrenceville, NJ 08648. Phone: 609/219-0773, Ext. 10; fax: 609/219-0774. Email: registration@ispor.org;

URL: www.ispor.org

May 16 - 19

31st Annual Meeting

Sponsors: Society for Clinical Trials

Location: Baltimore, MD

Deadline: Abstracts: December 5, 2009

Contact: Elizabeth Franks, 100 N. 20th Street, Philadelphia, PA, 19103. Phone: 215/564-3484; Fax: 215/564-2175.

URL: www.sctweb.org

May 17 - 19

Course: Effective Risk Communication

Sponsor: Harvard School of Public Health

Location: Boston, MA

Cost: \$1,495 (before February 5, 2010); \$1,695 (after May 10, 2010)

Contact: URL: www.hsph.harvard.edu/ccpe/programs/rcc.shtml

May 17 - 21

Course: Planning and Evaluation of Screening

Sponsor: Netherlands institute for health sciences, The Erasmus Medical Centre Rotterdam

Contact: The Netherlands institute for health sciences; Erasmus Medical Centre, Rotterdam, PO Box 1738 3000 DR Rotterdam, The Netherlands; Phone: 31 10 408 8288; fax: 31 10 408 9382. Email: info@nihes.nl; URL: www.nihes.nl

May 17 - 21

Course: Introduction to Linear & Logistic Regression Models

Sponsor: University of Bristol, Department of Social Medicine

Location: Bristol, United Kingdom

Cost: £ 900

Contact: Course Secretary, University of Bristol, Canynge Hall, Whiteladies Rd, Bristol, UK BS8 2PR. Phone: +44 (0) 117 928 7221; Fax: +44 (0) 117 928 7222.

Email: short-course@bristol.ac.uk;

URL: www.epi.bris.ac.uk/shortc/shortc.htm

May 17 - July 23

Course: Statistics for Health Researchers (Online)

Sponsor: Oxford University

Location: Online Course

Cost: £1575

Contact: URL: www.conted.ox.ac.uk/courses

May 19 - 20

World Public Health Congress

Sponsor: Turkish Public Health Association, World Federations of Public Health Associations, World Health Organization, European Public Health Association

Location: Brussels, Belgium

Contact:

URL: <http://www.worldpublichealth2009.org/welcome.html>

May 20 - 26

Course: Systematic Reviews

Sponsor: University of Oxford, Department of Continuing Education

Location: Rewley House, Department of Continuing Education, Oxford, UK

Cost: £ 1725

Contact: University of Oxford, Department of Continuing Education. Email: cpdhealth@conted.ox.ac.uk;

URL: www.conted.ox.ac.uk/health

May 22 - 25

SHEA/CDC Training Course in Health Care Epidemiology

Sponsor: Society for Healthcare Epidemiology of America (SHEA), Centers for Disease Control and Prevention (CDC)

Location: St. Louis, MO

Contact: URL: www.shea-online.org

May 27 - 28

21st Biennial Canadian Society for Epidemiology & Biostatistics Central Region Student Conference

Sponsor: Canadian Society for Epidemiology & Biostatistics

Location: Queens University, Kingston, Ontario, Canada

Contact: Email: secretariat@cseb.ca

<http://www.cseb.ca/en/>

May 29 - 30

Canadian Association of Veterinary Epidemiology and Preventive Medicine Conference 2010

Sponsor: Canadian Society for Epidemiology and Biostatistics (CSEB) -Association of Public Health Epidemiologists in Ontario (APHEO), Canadian Association of Veterinary Epidemiology and Preventive Medicine (CAVEPM)

Location: University of Guelph, Guelph, Ontario Canada

Contact: Email: secretariat@cseb.ca;

URL: <http://www.ovc.uoguelph.ca/cavepm/>

May 31 - June 4

Course: Cancer Epidemiology

Sponsor: Netherlands institute for health sciences, The Erasmus Medical Centre Rotterdam

Location: Rotterdam, The Netherlands

Epidemiology!**

www.epimonitor.net

**Assistant Professor of Research of Environmental Health
Department of Preventive Medicine
Keck School of Medicine, University of Southern California**

The Division of Environmental Health at the Department of Preventive Medicine of the University of Southern California invites applications for a faculty position at the Assistant Professor of Research level in environmental epidemiology. The position is for a researcher who will develop a program on neurodevelopmental disorders, including autism. While appointed in the Department of Preventive Medicine, the position includes collaboration with The Zilkha Neurogenetic Institute in the Keck School of Medicine and the Childrens Hospital of Los Angeles (CHLA). A suitable candidate is required to hold a PhD in epidemiology, or a related field; additional post-doctoral training would be an asset but is not essential. Candidates should have a demonstrated track record of methodological and relevant interdisciplinary research, and interest in working on epidemiology aspects of neurodevelopmental disorders, giving emphasis to genetic and environmental factors.

Potential candidates are encouraged to submit their applications (along with current CV, statement of research interests, and two or more letters of recommendation) to:
Jonathan M. Samet, MD, MS, ATTN: Susan N. Roberts,
Department of Preventive Medicine, Keck School of Medicine, University of Southern California, 1441 Eastlake Ave. NTT 4423A, Los Angeles, CA, 90033, or via e-mail to susanr@usc.edu.

USC values diversity and is committed to equal opportunity in employment. Women and men, and members of all racial and ethnic groups are encouraged to apply.

The Epi Job Bank provides capsule listings of all known job opportunities currently available in epidemiology. Any employer may list one or more available jobs free of charge until filled. Listings are revised and updated monthly. To add new listings or to notify us when vacancies have been filled, please call the Epi Monitor: 770/594-1613 or fax: 770/594-0997. Bullets (•) before state indicate new listings. Asterisks (*) indicate fax numbers. Oao=open as of (the date listed). Cd=closing date of (the date listed).

Training Courses for Public Health Professionals

Cosponsored by Emory University (RSPH) and
The Centers for Disease Control & Prevention (CDC)
(Atlanta, Georgia)

Directed by Philip S. Brachman, M.D.

Environmental Microbiology: Control of Foodborne and Waterborne Diseases

January 8, 9, 11, 12, 13, 2010

This is a course on the surveillance of foodborne and waterborne diseases designed for public health practitioners and other students interested in the safety of food and water. The course describes how information from surveillance is used to improve public health policy and practice in ways that contribute to the safety of our food and water. We focus on the microorganisms and chemical agents responsible for food and water-transmitted diseases. We study the diseases they cause, the pathogenesis, clinical manifestations, reservoirs, modes of transmission, and epidemiology. The transport, survival, and fate of pathogens in the environment, the concept of indicator organisms as surrogates for pathogens, and the removal and inactivation of pathogens and indicators by water and wastewater treatment processes will be analyzed.

Epidemiology in Action: Intermediate Analytic Methods Course

January 11-14, 2010

This course includes measures of association, normal and binomial distributions, confounding, statistical tests, stratification, logistic regression, models and computers as used in epidemiology.

Epidemiology in Action

April 26 to May 7, 2010

This basic two-week course in epidemiology is directed at public health professionals and includes discussions of applied epidemiology and biostatistics, public health surveillance, field investigations, hands-on computer training using Epi-Info, and selected prevalent diseases. Epidemiologic case studies are worked on in the classroom.

Heal the sick, advance the science, share the knowledge.

Postdoctoral Fellowships in Cancer

Mayo Clinic Cancer Center and College of Medicine

Mayo Clinic in Rochester, Minnesota announces new postdoctoral positions in cancer genetics/cancer genetic epidemiology. Positions will be funded by the Mayo Cancer Genetic Epidemiology Training Program, which is supported by a grant from the National Cancer Institute, and are 3 years in duration. Mentoring will be provided by experienced faculty, including cancer genetic epidemiologists, statistical geneticists, cancer geneticists, bioinformaticians and clinical mentors. The goal of this training program is to develop a new cadre of scientists capable of combining laboratory-based genetics and observational epidemiologic methods for developing independent careers that address cancer-related health issues, including prevention, detection, therapy and control. In addition to a stipend, the trainee will receive \$15,000 per year for supplies. U.S. citizens or permanent residents only.

Located 80 miles southeast of the Minneapolis-St. Paul metro area, the Mayo Clinic is well regarded for its cancer research, which includes established resources such as the Rochester Epidemiology Project, and SPORes in Prostate, Ovarian, Breast and Pancreatic cancers, Brain tumors, Lymphoma and Myeloma. The NCI-designated comprehensive Mayo Clinic Cancer Center (MCCC) provides extensive infrastructure support for patient-oriented research, including biostatistical support and shared analytical resources supporting population science, and well-equipped laboratories and cores. Please visit <http://mayoresearch.mayo.edu/mayo/research/cancercenter/> and <http://www.mayo.edu/> for more information.

Mayo offers an attractive benefit package. Salary is competitive, and will be determined by experience. Please send statement of interest and accomplishments, CV and the names of three references to:

Gloria M. Petersen, Ph.D.

Director, Cancer Genetic Epidemiology Training Program

Mayo Clinic

200 First Street SW • Rochester, MN 55905

E-mail: schuh.melissa@mayo.edu

Mayo Foundation is an affirmative action and equal opportunity employer and educator. Post-offer/pre-employment drug screening is required.

NYU Langone Medical Center

Position available: A postdoctoral fellowship position is available in the Division of Epidemiology, Department of Environmental Medicine at New York University (NYU) Langone Medical Center.

Qualifications: Applicants must have a doctorate in epidemiology or equivalent degree and have excellent qualifications in, and demonstrated commitment to, epidemiologic research. Experience in cancer epidemiology is preferred.

Responsibilities: The fellow will be work on the NYU Women's Health Study, a prospective cohort of ~ 14,000 women enrolled in 1985-91 and followed up ever since. The study has been funded by the NIH since its inception and has led to over 100 publications. Studies on breast, ovarian, endometrial, and colorectal cancers as well as cardiovascular disease are ongoing. The fellow will be expected to take an active role in the conduct of the follow-up as well as other day-to-day activities of the NYU Women's Health Study, and to take a leadership role in analyzing data and writing papers based on the cohort. The fellow will also have the opportunity to initiate new projects and develop grant proposals.

Professional environment: Faculty members in the Division of Epidemiology in the Department of Environmental Medicine conduct research in genetic and molecular epidemiology of cancer and cardiovascular disease, cancer control and prevention, and environmental epidemiology. Outstanding training opportunities for multidisciplinary research in Molecular/Genetic and Cancer Epidemiology are available in the Department of Environmental Medicine, which has divisions in Epidemiology, Biostatistics, Exposure Assessment, Molecular Carcinogenesis and Toxicology, and Systemic Toxicology. Multidisciplinary research is also fostered by the presence of the NYU Cancer Institute, an NCI-designated cancer center with extensive research programs in basic biological sciences, clinical research, epidemiology, early detection and prevention. State-of-the-art research resources, including a high throughput genomic facility and related biostatistical/bioinformatics support, are available.

Applications: Please send letter of application, curriculum vitae, statement of research interests and goals, and list of three references to Dr. Anne Zeleniuch-Jacquotte (anne.jacquotte@nyumc.org). Application review will begin immediately and will continue until the position is filled. New York University is an equal opportunity employer and provides a drug-free workplace. For further information, please visit our website (<http://www.med.nyu.edu/environmental/divisions/epidemiology.html>).

UNC
GILLINGS SCHOOL OF
GLOBAL PUBLIC HEALTH

**University of North Carolina at Chapel Hill
Department of Epidemiology
Faculty Positions**

The Department of Epidemiology of The University of North Carolina at Chapel Hill, Gillings School of Global Public Health is seeking applications for multiple tenure-track positions at all ranks. Areas of particular interest include but are not limited to Environmental, Cardiovascular, Cancer, Social, Reproductive, Perinatal, and Pediatric Epidemiology. The Department of Epidemiology is the largest department in the School of Public Health, and among the largest such department in the US. In 2008-2009, the Department of Epidemiology had an operating budget over \$24 million, the majority in research awards. There are 59 full-time faculty members reflecting expertise in many areas of epidemiologic research. The Department offers two master's degrees and a doctoral degree. Currently there are 183 predoctoral students enrolled in the graduate program.

The Department has close ties with UNC interdisciplinary centers including the Lineberger Comprehensive Cancer Center, the Carolina Population Center, Center for Environmental Health and Susceptibility, Center for Women's Health Research, the UNC Institute for Global Health & Infectious Diseases, and the Cecil G. Sheps Center for Health Services Research.

Applicants should have a doctoral degree in epidemiology or equivalent, a record of independent and collaborative research and a demonstrated capacity to secure external funding. Faculty are expected to teach epidemiology and mentor graduate students. The level of the academic appointment will depend upon the overall experience, publication record, and external funding history of the candidate.

All applications should be sent electronically to the attention of Anna Maria Siega-Riz, PhD, at the following website: jobs.unc.edu/1002087. Applicants should provide a letter describing their qualifications and research interests along with their curriculum vitae, and contact information for three professional references. Review of applicants will continue until suitable candidates are selected and recommended for appointment.

The UNC Gillings School of Global Public Health is actively committed to diversity. We strongly encourage applicants from women, minorities and individuals with disabilities. The University of North Carolina at Chapel Hill is an equal opportunity employer.

Post-Doctoral Research Fellowship in Cardiovascular and Environmental Epidemiology

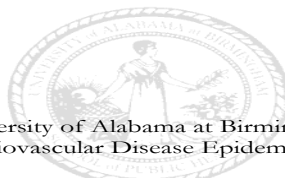

The Departments of Epidemiology and Nutrition at the Harvard School of Public Health (HSPH) have a long tradition of excellence in epidemiologic research relating to cardiovascular health. An outstanding candidate is sought to work on original research projects supported by the National Institutes of Health on the effects of nutritional factors on cardiovascular risk factors and disease outcomes. The focus of this position will be on the independent and joint effects of seafood-derived omega-3 fatty acids, selenium, and methylmercury, each assessed using objective biomarkers, with risk of coronary heart disease and stroke. The research program and training will be directed by Dariush Mozaffarian, a cardiologist at Brigham and Women's Hospital, co-Director of the Program in Cardiovascular Epidemiology, and Assistant Professor of Medicine and Epidemiology at Harvard Medical School and Harvard School of Public Health. Major emphasis will be placed on leading original analyses and manuscripts; career development; and transition toward independent funding and an independent research career. Competitive salary, benefits, and travel/educational opportunities in the rich interdisciplinary environment of HSPH and Harvard Medical School.

Eligibility Criteria (all are required):

1. MD (preferably with Medicine/Cardiology training) with MS/MPH in Epidemiology; or Doctorate (PhD/DrPH/ScD) in Epidemiology or Nutrition.
 2. Demonstrated first-author peer-reviewed publications in cardiovascular or environmental epidemiology.
 3. Established quantitative research skills.
 4. Excellent writing skills in English.
 5. Experience in the epidemiology of fatty acids and/or contaminants and chronic diseases is strongly preferred.
- Fellows are typically accepted for two years (conditional on performance); a third year may be considered.

Application

Send CV and letters of reference to Mr. Randall Chaput,
rchaput@hsph.harvard.edu

**University of Alabama at Birmingham
Cardiovascular Disease Epidemiology**

The Department of Epidemiology is accepting applications for a faculty member in the School of Public Health to fill a Cardiovascular Disease Epidemiologist position with a 12 month appointment. Rank and tenure earning status commensurate with experience. The successful candidate should have a PhD, MD, or other doctoral degree and relevant research experience. A history of extramural funding and excellence in teaching are highly desirable. Applications from women, members of traditionally disadvantaged minority groups, and scientist with disabilities are encouraged.

The Department of Epidemiology is established in the areas of cardiovascular and stroke epidemiology, with major studies including GenHAT, HyperGEN, GOLDN, CREST, and REGARDS. Opportunities are available to collaborate with researchers on these studies and to develop a research portfolio that includes an emphasis on health disparities.

UAB ranks among the top 15 universities in the nation receiving NIH funding and is nationally respected for the high quality of its medical center and its research and training programs in health sciences. The UAB School of Public Health has 93 full-time primary faculty and 486 students. In recent years the School has consistently ranked second among UAB schools in successfully competing for extramural funding. UAB has a number of resources to enhance the research and training opportunities for this position. The Birmingham metropolitan area boasts some of the nation's most diverse communities with a plethora of social and cultural activities.

Interested applicants should submit current curriculum vitae, a sample of recent research scholarly activity, a cover letter that discusses qualifications and reasons of interest in the position to:

Search Committee Chair
Cardiovascular Disease Epidemiologist
c/o Joanna Carson
RPHB 220B, 1665 University Boulevard
Birmingham, AL 35294-0022

UAB is an equal employment opportunity/affirmative action employer.

THE PEDIATRIC DENGUE VACCINE INITIATIVE INTERNATIONAL VACCINE INSTITUTE

POSITION ANNOUNCEMENT DIRECTOR

The Pediatric Dengue Vaccine Initiative (PDVI) a program hosted by the International Vaccine Institute (IVI) in Seoul, Korea, is seeking a Director to oversee its development and operations. The PDVI has as its objective, to facilitate and accelerate the development and introduction of safe and effective dengue vaccines in developing countries. The PDVI has several programmatic components: 1) *supportive research* to facilitate the clinical testing of dengue vaccines by developing and improving immunological and diagnostic assays; 2) *evaluation research* focusing on development of field sites in dengue-endemic countries where clinical testing of dengue vaccines can take place and on field evaluations of dengue diagnostic and assays; 3) *vaccine product development* partnerships to achieve product design and formulation for dengue-endemic countries; and 4) *activities to ensure access to dengue vaccines*, including research to better define the global dengue disease burden and disease costs, to model the potential cost-effectiveness of dengue vaccines, and to estimate the market for dengue vaccines, as well as collaborative activities with national and international partners, including the World Health Organization, to communicate the evidence and to plan for vaccine introduction into developing countries. The host organization, the IVI, is an international non-profit organization focused primarily on accelerating the research, development and introduction of new and improved vaccines for use primarily in developing countries. The PDVI headquarters are located at the IVI in Seoul, Korea.

The incumbent will be a recognized leader in one of the fields encompassed by the PDVI program, including virology; epidemiology; immunology; and vaccine development. A broad knowledge of dengue will be an advantage, as will experience working in the vaccine industry. The incumbent should have experience in program building, resource mobilization, and in staff development.

Minimum qualifications include a doctorate degree in a relevant discipline, and significant experience including a multi-disciplinary field/labatory research program.

Salary will be internationally competitive. The IVI provides appropriate fringe benefits including a housing allowance, home leave, and income tax reimbursement.

The International Vaccine Institute is an independent international organization established under the Vienna Convention of 1980. It is governed by a Board of Trustees the majority of whom are elected based on their personal capacity.

Applications should be sent to:

Dr. Howard Kim
Human Resources Officer
International Vaccine Institute
1304-8 Hwasonghe-ri
Gwangju, Seoul, Korea
Tel: 82-2-872-1861 Fax: 82-2-872-1863
Email: hwkim@ivi.int

from whom further particulars can be obtained. Absolute confidentiality will be respected.

ASSISTANT/ASSOCIATE PROFESSOR POSITION IN EPIDEMIOLOGY AND PUBLIC HEALTH

Department of Kinesiology and Community Health
College of Applied Health Sciences
University of Illinois at Urbana-Champaign

The Department of Kinesiology and Community Health seeks candidates with expertise in epidemiology for an assistant professor position, either as an assistant or associate professor. Applicants are sought with expertise in areas related to chronic disease prevention and control, such as behavioral epidemiology, epidemiology of chronic diseases in the United States or in other countries, determinants of health and disparities, environmental determinants of disease, community assessment and surveillance, implementing and evaluating effects of community-level interventions, and epidemiologic and statistical methods. Successful applicants will contribute to the design and implementation of the MPH curriculum, conduct research, and advance scholarship in their area of expertise.

The preferred start date is August 16, 2010. For full consideration, an application must be received by January 15, 2010. Review of applications will continue until the position is filled, and applications received after the closing date may be considered.

Qualifications: Applicants must hold a doctoral degree. Work experience in organizations or agencies with a public health interest is also desirable but not required.

Salary: Commensurate with qualifications and experience.

Application Process: Application materials should be submitted online at <http://cas.illinois.edu>. The following materials should be uploaded: (1) a letter of application that includes a statement of research interests and summary of qualifications for the position; (2) a curriculum vitae; and (3) names and contact information of three references. For more information about the position, applicants may contact:

Dr. David Budner, Director, Master of Public Health Program
Chair, MPH Search Committee
University of Illinois at Urbana-Champaign
1206 S. Fourth St., 129 Huff Hall • Champaign, IL 61820
Email: dbudner@illinois.edu Phone: 217-244-1510

Visiting, sabbatical, and individuals with disabilities are particularly encouraged to apply. The University of Illinois is an affirmative action/equal opportunity employer.

Tenure-Track/Assistant Professor Positions

THE UNIVERSITY OF MICHIGAN

The University of Michigan School of Public Health invites applications for three tenure-track assistant professor positions in the Department of Epidemiology. Our highly interdisciplinary Department is home to internationally recognized researchers using a broad range of epidemiologic methods, including state of the art laboratory techniques, diverse field methods, bioinformatics, and statistical and mathematical models. Our Department has highly successful masters and doctoral level training programs. Applicants should have advanced training in epidemiology or a related field.

To apply, please provide: a statement of current and future research plans, teaching philosophy and experience, complete curriculum vitae, and three letters of recommendation. Send to: Junior Faculty Search Committee, Department of Epidemiology, 1415 Washington Heights, Ann Arbor, MI 48109-2029 or electronically to emphrvc@umich.edu. Review of applications will begin December 1, 2009 and continue until a suitable candidate is identified. Women and minorities are encouraged to apply and the University is supportive of the needs of dual career couples. The University of Michigan is an equal opportunity/affirmative action employer. <http://www.sph.umich.edu/epid/pdf/JaU%20Positions/EpidAssistantProfessor.pdf>

EPIDEMIOLOGY at Brown University

TENURE-TRACK FACULTY POSITIONS

Brown University's Public Health Program in Providence, Rhode Island is completing a major multiyear expansion including the development of a new Department of Epidemiology. Two tenure-track positions are available for talented faculty who will help establish this new department in a leading university. Both positions require evidence of an independent program of research and experience teaching epidemiology at the graduate level. These positions include:

Full or Associate Professor (tenured) specializing in Epidemiology

Expertise in clinical epidemiology, cardiovascular, cancer, reproductive or neurology preferred.

Assistant Professor (tenure-track) specializing in Epidemiology

Expertise in epidemiologic methods or clinical trials preferred.

Visit <http://publichealth.brown.edu/faculty/employment> for contact information and how to apply for these positions

BROWN

Brown University is an Equal Opportunity/Affirmative Action Employer, and actively solicits applications from women and minorities.

FACULTY POSITION IN MUSCULOSKELETAL EPIDEMIOLOGY AT THE UNIVERSITY OF MICHIGAN

The Department of Orthopaedic Surgery at the University of Michigan is expanding its basic science and clinical research programs. As part of the effort to recruit multiple faculty devoted to musculoskeletal research, the Department is seeking an epidemiologist for an exciting new tenure-track research position at the assistant or associate professor level. The successful candidate will be expected to develop an independent extramurally funded research program in clinical epidemiology, with a focus on musculoskeletal conditions and their treatment. Collaboration with other faculty in the Department and across departments is encouraged. The Department is closely connected to the U-M Bone & Joint Injury Prevention & Rehabilitation Center, which focuses on the prevention, treatment, and rehabilitation of musculoskeletal injuries and arthritis (www.jiprc.umich.edu). Joint appointment with the Department of Epidemiology in the School of Public Health is also possible. Candidates should have an earned M.D., Ph.D., or Sc.D. in epidemiology or a closely related field and a record of scholarly publication. For appointment at the associate professor level, applicants must have a demonstrated record of securing extramural funding and a national reputation.

The University of Michigan is a non-discriminatory/affirmative action employer and strongly encourages females and minorities to apply.

Applications will be accepted until the position is filled; however, screening of applications will begin December 15th, 2009. Send an electronic letter of application and include a statement of professional objectives, current curriculum vitae, and a list of three references to Peggy Piech (ppiech@umich.edu). Letters will only be sought for finalists. Inquiries can be addressed to:

Richard E. Hughes, Ph.D.
Chair, Epidemiologist Search Committee
Department of Orthopaedic Surgery
University of Michigan
2017 8SRB
100 Zina Pitcher Pl.
Ann Arbor, MI 48109-2200

Post-Doctoral Research Fellowship in Cardiovascular Epidemiology and Clinical Trials

The Harvard School of Public Health (HSPH) and Harvard Medical School (HMS) have a long tradition of excellence in epidemiologic and clinical research relating to cardiovascular health. An outstanding candidate is sought to work on original research projects supported by the National Institutes of Health on the effects of nutritional factors on cardiovascular risk factors and disease outcomes. The focus of this position will be on original investigations of effects of omega-3 fatty acid supplementation on circulating and tissue-specific oxidative stress and systematic inflammation, post-op atrial fibrillation, and post-op cognitive decline in a large multicenter randomized controlled trial of patients undergoing cardiac surgery. Other related original investigations related to nutritional factors and cardiovascular diseases may also be performed, as well as gaining of experience in practical implementation and management of a large international clinical trial. The research program and training will be directed by Dariush Mozaffarian, a cardiologist at Brigham and Women's Hospital, co-Director of the Program in Cardiovascular Epidemiology, and Assistant Professor of Medicine and Epidemiology at Harvard Medical School and Harvard School of Public Health. Major emphasis will be placed on leading original analyses and manuscripts; career development; and transition toward independent funding and an independent research career. Competitive salary, benefits, and travel/educational opportunities in the rich interdisciplinary environment of HSPH and Harvard Medical School.

Eligibility Criteria (all are required):

1. MD (preferably with Medicine/Cardiology training) with MS/MPH in Epidemiology; or Doctorate (PhD/DrPH/ScD) in Epidemiology or Nutrition.
 2. Demonstrated first-author peer-reviewed publications in cardiovascular epidemiology.
 3. Established quantitative research skills.
 4. Excellent writing skills in English.
 5. Experience in the epidemiology of fatty acids, other nutritional factors, and/or biomarkers and chronic diseases is strongly preferred.
- The position will typically be for two years, conditional on performance.

Application

Send CV and letters of reference to Ms. Jessica Bugg, jbugg@hsph.harvard.edu.

Epidemiology Faculty Position The Texas A&M Health Science Center

The Texas A&M Health Science Center School of Rural Public Health invites applications for an epidemiologist to join a productive and collegial faculty in the Department of Epidemiology and Biostatistics. This position is a full-time (12 month) tenure-track faculty position, with a start date of August 1, 2010.

Applicants are expected to hold a Ph.D., DrPH, or ScD in epidemiology or an M.D. with an MPH (epidemiology) from an accredited school of public health or equivalent training. As appropriate for rank, preferred qualifications include: a strong record of securing extramural research/grant funding; expertise in epidemiology methods that will contribute to the enhancement of the curriculum; and evidence of active involvement in service-related activities. The successful candidate will be expected to develop an independent epidemiology research program, with preferred interest in cancer, global health, rural health, genetics/gene-environment interactions, obesity and obesity-related outcomes, or reproductive outcomes, but all areas of expertise are welcomed.

Exciting opportunities exist to collaborate with existing faculty on multiple ongoing research projects, environmental and occupational exposures and health outcomes, reproductive and pediatric epidemiology, geospatial modeling, alcohol and substance abuse, and disaster management. Faculty members actively collaborate with colleagues in the College of Medicine, Veterinary Medicine, and other departments in the school, which house cores of expertise in health disparities research as well as water quality and impact on human health. The Texas A&M Health Science Center offers a supportive environment for professional development in a tier-1 research institution, which was recently recognized as one of the top twenty research universities in the country by the National Science Foundation. The School of Rural Public Health is located in College Station, Texas, where approximately 48,000 students attend Texas A&M University. Interested individuals should send a cover letter, current curriculum vitae, and the names of three references to:

Search Committee
Department of Epidemiology and Biostatistics
Texas A&M Health Science Center School of Rural Public Health
1266 TAMU
College Station, Texas 77843-1266
Or email: payton@srph.tamhsc.edu

For additional information, contact Anne Sweeney, Ph.D. (sweeney@srph.tamhsc.edu)
Review of applications will continue until the position is filled.
HSC SRPH is an Affirmative Action/Equal Opportunity employer; women and minority individuals as well as persons with disabilities are encouraged to apply.

Specific Title: Technical Director, Epidemiology and Research Recruitment Core (ERRC)

Generic Title: CLIN. RESEARCH DATA MGR (8311-33)

Division/Department: University of Chicago Cancer Research Center (UCCRC)

General Summary:

The University of Chicago Cancer Research Center (UCCRC) is an integral component of the Biological Sciences Division (BSD). It is the largest of four Divisions of the University and includes the Pritzker School of Medicine. UCCRC administers six established scientific programs, while the Cancer Center Support Grant provides funding for thirteen Shared Facilities. In response to the expansion of population research, the UCCRC is establishing a Epidemiology and Research Recruitment Core. The core will have a faculty-level Scientific Director and a senior staff member who will be the full time Technical Director of this new shared resource.

The Technical Director of the ERRC will be responsible for identifying faculty needs, developing appropriate services, and providing administrative, financial and technical direction to the Core. In addition to other potential services such as interviewing, the core will play an integral role in the recruitment of subjects and relevant data, including biospecimen samples in hospital- and population-based research studies in cancer. The Technical Director will work closely with the Scientific Director, UCCRC leadership and population researchers, to design and oversee Core staff in designing and planning approaches for subjects recruitment, eliciting informed consent, and collection of data and biospecimen samples for cancer related research studies. In addition, the Technical Director will participate in strategic planning with respect to the core and the recruitment of additional Core staff.

Qualifications:

Advanced degree (MS/MPH, PhD, DrPH) in epidemiology, public health or related field required. Strong familiarity with research methods, study designs, recruitment and interview procedures and data/sample collection processes and associated trouble shooting required. Exceptional organizational, communication, writing and leadership skills required. Strong problem solving skills for development and implementation of efficient work processes required. Ability to provide senior guidance for the study design and methods related to the development and implementation of participant identification, recruitment, and interview procedures and associated informatics and database management is required. Knowledge of legal and ethical standards for the use of human subjects in research institutions preferred. Demonstrated experience in research oversight and project management preferred.

NRSA T32 Postdoctoral Fellowship Interdisciplinary Women's Reproductive Health

Overview: The University of Texas Medical Branch is accepting applications for postdoctoral fellows interested in pursuing an academic career in women's health research. This 2-year NRSA T32 fellowship provides training in theory and methods as well as practical experience as they pertain to conducting clinical research. Faculty in the program are able to offer ample opportunities for data analysis, manuscript preparation, and grant writing in a collaborative working environment.

Who may apply: Applicants who have completed a terminal degree as follows: MD Post-residency, PhD, DrPH, ScD, or PsyD in disciplines related to women's health. This interdisciplinary program seeks applicants who are highly motivated to pursuing research careers focused on the many physiological and psychological issues facing women during their reproductive years. Successful candidates will engage in mentored research training for 2 years (2 consecutive 12-month appointments).

Eligibility: Must have completed terminal degree in defined area from accredited institution. Transcript or documentation from the awarding institution is required. Must be a US citizen, non-citizen national or permanent resident. Documentation of status is required. Individuals with temporary or student visas are not eligible for support. Must be able to commit to full-time effort to the program. Studies leading to MD, medical residency, PhD, or other clinical health professional training are not supported.

Application procedure: Submit the following via email or postal service: (1) A personal statement including career goals, a brief description of proposed research, and how this training will help achieve your career goals; (2) a current CV; (3) documentation of citizenship status; and (4) 3 letters of reference. Send your application packet to:

Abbey B. Berenson, MD
Department of Obstetrics & Gynecology
The University of Texas Medical Branch
301 University Boulevard
Galveston, TX 77555-0587
abberens@utmb.edu
